Thank you Maureen, you will definitely be investigated and testify in an international court of law.

Incidentally if you want to write an article, I would start with NOT using a photo of ME IN A BIKINI IN JEAN LES PINS, SOUTH OF FRANCE IN 2012 trying to discredit me.

That alone, shows the type of credibility you have and your journalism.

I've attached the photo you used if me in the time frame, and you call yourself a jounailst???

High five for supporting rapists and paedophiles!

To the Republic Of South Africa and the legal team that stood up to the State Of Israel for committing genocide and intent to commit genocide and to the legal team that defended the innocent Palestine, men, women and children who are being starved and murdered by the minute, you are the true heroes of humanity! It is a proud day to be South African, and I'm rooting for you all the way for justice and freedom of the innocent Palestinian civilians.

BENJAMIN NETANYAHU, YOU SAID SOUTH AFRICA'S "HYPOCRISY SCREAMS TO THE HEAVENS"!

NOW LET ME TELL YOU HOW THE HEAVENS RESPOND TO YOU!

I give you my favourite parable, THE PARABLE OF THE BARREN FIG TREE.,

"A man had a fig tree planted in his vineyard; and he came looking for fruit on it and found none. So he said to the gardener, 'See here! For three years I have come looking for fruit on this fig tree, and still I find none. Cut it down! Why should it be wasting the soil?' He replied, 'Sir, let it alone for one more year, until I dig around it and put manure on it. If it bears fruit next year, well and good; but if not, you can cut it down.'"

I see you, and I said you shall not pass!

You are at a crossroads for the Israeli people, and you will curse them for eternity if you continue to proceed this is your last warning! DO NOT TEST THE ALMIGHTY AND HIS PLAN!

Lior Haiat, you said on X,

" Today we were witness to one of the greatest shows of hypocrisy in history, compounded by a series of false and baseless claims".

"South Africa, which is functioning as the legal arm of Hamas terrorist organisation, utterly distorted the reality in Gaza following the 7 October massacre and completely ignored the fact that Hamas terrorists infiltrated Israel, murdered, executed, massacred, raped, abducted Isralis citizens, simply because they were Israelis, in an attempt, bro carry out genocide."

Ben-Gvir, you stated the following today " 78 years after the terrible holocaust that the German Nazi's inflicted on us and the three months after the Nazi from Gaza added to the massacre of us - the world joins the theatre of the absurd and spread blood libels against the state of Israel. We protect our citizens, our woman, our children and they spread lies and abomination against us in the world. Never before have so many scoundrels joined such vile lies."

Secretary Antony Blinken you said the following today, " January is National Human Trafficking Prevention Month - a time for us to redouble our efforts to partner across the world to combat crime. @StateDept continues to work with partners overseas and domestically to #EndHumanTrafficking around the world."

Jill Biden, you said today, "What they are doing to Hunter is cruel, and I'm really proud of how he has rebuilt his life after addiction. I love my son. It's hurt my grandchildren. That's what I'm so concerned about, that it's affecting their lives as well."

Well, what a load of nonsense!!

You dare talk about hypocrisy!!!! What you have done to the Palestinian civilians, innocent men, women, and children is beyond anything other than the devil's work, and I condemn you all to hell.

The way you have crucified me to the public, knowing that you have been and are the ones that are lying, especially to cover for [REDACTED] [REDACTED], her lawyers and her lies! Everything, all the suffering I've endured for years and years whilst you enjoyed every second, just like Epstein and co-watch me starve!

Knowing the evidence that I have can prevent women and children from suffering with my truth and my evidence.

There are no words that I can find to express the long-term suffering you have caused me. You've devastated my family for what?

I remain silenced, isolated and, in darkness and alone for days, months, years in my fight for freedom and justice, and now I realise today just how much you fear me.

https://www.timesofisrael.com/liveblog_entry/netanyahu-says-he-wont-resign-the-only-thing-im-going-to-part-from-is-hamas/

"In answer to another question, Netanyahu says, as he has done often since the Hamas onslaught of October 7, that he will not resign: "The only thing I'm going to resign from is Hamas. That's what I'm dealing with."

He says the full investigation of the failures surrounding October 7 will take place only "at the end of the fighting," although some lessons have "already been learned."

He is reminded that 10 years ago, in an interview on the Eretz Nehederet satirical show, he said he would want to be judged historically for his contribution to the security of Israel, and is asked if that is still the case.

"History will judge," he says, stressing that he works to "ensure Israel is strong economically, strong militarily, strong diplomatically."

"In the years I've led Israel, it got much stronger," he says, citing the fact that "we can manage a multi-front campaign" that will soon have lasted 90 days.

Support for Netanyahu, already sliding before the war over his handling of the controversial judicial overhaul, has plunged since the Hamas-led October 7 massacres, in which terrorists rampaged through southern communities and military posts, killing 1,200 people — mostly civilians — and taking some 240 hostages to Gaza."

31st December, the Guardian reported, I quote:

<https://www.theguardian.com/world/live/2023/dec/31/israel-gaza-war-live-netanyahu-targets-control-of-gaza-egypt-border-in-many-months-of-war-on-hamas#top-of-blog>

"of Jewish settlers to the Gaza Strip after the war

Israel's finance minister, Bezalel Smotrich, has called for the return of Jewish settlers to the Gaza Strip after the war and said Gaza's Palestinian population should be encouraged to emigrate, according to AFP.

"To have security, we must control the territory," Smotrich told Israel's Army Radio in response to a question about the prospect of re-establishing settlements in Gaza.

"In order to control the territory militarily for a long time, we need a civilian presence."

The Israeli government under Benjamin Netanyahu has not officially suggested plans to evict Gazans or to send Jewish settlers back to the territory since the war broke out on 7 October.

Israel unilaterally withdrew the last of its troops and settlers in 2005, ending a presence inside Gaza that began in 1967, but maintained near complete control over the territory's borders.

All settlements on occupied Palestinian land are regarded as illegal under international law, regardless of whether they were approved by Israel.

https://www.timesofisrael.com/liveblog_entry/report-ex-uk-pm-blair-eyed-as-mediator-on-post-war-gaza-including-resettlement-of-palestinians/

"Former British prime minister Tony Blair is reportedly being eyed by Israeli leaders to serve as the mediator between Jerusalem and moderate Arab countries on post-war Gaza and a controversial Israeli aim of having other nations absorb residents of Gaza who leave the Strip.

Blair arrived in Israel last week and met with Prime Minister Benjamin Netanyahu and war cabinet minister Benny Gantz, Channel 12 news reports, without citing a source. **The report says that if the plan materializes, Blair will be in charge of checking the option of countries receiving Gazan refugees.**

The reported development comes as the government is yet to discuss the fate of Gaza after the ongoing war, as **planned discussions have been delayed by Netanyahu, for fear of sparking a coalition crisis.**

Far-right coalition parties are pushing for resettling parts of the Strip and encouraging Palestinians to leave the enclave, and are flatly ruling out any post-war plan that includes a governing role for the Palestinian Authority in Gaza. This puts the government at odds with demands from the United States and other international allies.

<https://www.theguardian.com/commentisfree/2024/jan/09/israel-media-gaza-benjamin-netanyahu-settler-movement>

"Since the outbreak of the **Israel-Gaza war**, Israelis have been glued to their TV sets and scrolling through news and social media. The ordinarily news-obsessed public has become even more engrossed, and the war has seen the propagation of a point of view that for much of Israel's media history has been marginal, but has now reached its apex: that of the settler far right.

The settlement movement, originating as **a small vanguard of religious Zionists**, has expanded exponentially since **Israel's occupation of the West Bank and Gaza after the 1967 six-day war**. Once perceived as bearded, outsider men patrolling the Hebron hills with Uzis, settlers have **significantly increased their influence, becoming key political players**. **Recent elections have elevated some of the movement's most extreme figures, such as Itamar Ben-Gvir and Bezalel Smotrich, to high positions in government.**

This didn't happen overnight. A significant reason for the settlers' success is a sustained effort, in collaboration with the prime minister, **Benjamin Netanyahu, to infiltrate mainstream media and create media outlets devoted to settler goals, so reshaping Israel's political discourse."**

"Crowdfunding site IsraelGives allows US residents to donate millions to paramilitary groups, IDF units and settlers

An Israeli crowdfunding platform, IsraelGives, has allowed US residents to donate millions of dollars since 7 October to causes including illegal West Bank settlements, paramilitary groups, and Israel Defense Forces (IDF) units currently operating in Gaza and the occupied West Bank.

Legal experts say that some of these campaigns may be illegal under US tax law, but that this is rarely enforced on donors to Israeli causes.

While contributions from wealthy US non-profits or individuals to illegal settlements have been previously reported, IsraelGives's established crowdfunding platform, attached to an international network of linked non-profits, may allow smaller donors in the US and beyond to claim tax deductions on funds sustaining war and settlement in the occupied territories."

Dear Cyril Ramaphosa,

I know you are very busy with tomorrow's hearing in the ICJ or not, as it's straightforward to prove that the State Of Israel had the intent to commit genocide and is committing genocide at this very moment in time and killing their civilian hostages too. I want to make it clear I hold the United States Government responsible for colluding with the State Of Israel in acts of genocide against the Palestinian civilians in the West Bank and Gaza, including their actions against all of the Epstein victims and myself.

I strongly condemn the atrocities committed by Hamas, including murder, rape, kidnapping and hostage-taking against innocent Israeli citizens on the 7th of October, which consisted of the elderly, men, women, children and babies. I greatly respect Israel, so please know my defence against the Israeli government must in no way reflect my feelings toward the people of Israel, whom I'm also trying to protect against their Israeli government.

I greatly respect the Middle East, the West, and our home, Africa. Along my journey, I have learned that we all have different cultures and ways of doing things, and compromises must be made between governments to achieve peace for all civilians.

The fact that tomorrow, South Africa, who have deep scars of pain and suffering because of apartheid, will be arguing in an international court of law against the Israeli government on acts of genocide means that, internationally, on public forums and opinions, they have already lost the war and credibility. I also ask that the international court hold the leaders of Hamas accountable in the ICJ along with the State Of Israel. Maybe we can get a two-for-one-package deal from the ICJ: buy one, get one free.

As a victim who was raped repeatedly, sold into sex trafficking by another, starved, tortured, and effectively held prisoner by the Israeli and the United States government since the age of 22, along with hundreds of other young women and children, I feel that I must speak against the State Of Israel so they can in no way shape or form use ANY rape, sexual assault, kidnapping or being held hostage as PROPAGANDA in a means to justify the killing of 23,357 innocent civilians mainly comprising of woman and children and 59,410 injured civilians.

IF THEY DO, THE FBI, EPSTEIN ESTATE, ISRAELI AND US GOVERNMENT MUST RELEASE THE FOOTAGE AND VIDEOS OF MYSELF AND THE 100'S AND THOUSANDS OF EPSTEIN RAPE AND SEX TRAFFICKING VICTIMS, WHO WERE YOUNG WOMEN AND CHILDREN.

I UNEQUIVOCALLY STAND BY MY ALLEGATION THAT EVERYTHING WAS FILMED IN ALL OF EPSTEIN'S PROPERTIES. AGAIN, I WOULD LIKE THE FBI, ISRAELI AND US GOVERNMENTS TO PROVE ME WRONG. I ALSO WANT THE TESTIMONY OF THE TWO HUNDRED OTHER VICTIMS WHO ARE AWAITING MEDICAL TRUAMA TREATMENT AND COMPENSATION FOR BEING RAPED, SEX TRAFFICKED AND TORTURED.

As a survivor of rape and trafficking by the Israeli Government and the United States Government, I need the innocent Israeli men, women and children that were taken and raped repeatedly to know my heart has always been with them, along with my prayers. I take small comfort that the Israeli survivors, especially the victims of rape and sexual assault, are being given extensive medical care and trauma counselling, as per reported below.

<https://www.theguardian.com/world/2023/dec/28/many-hostages-released-by-hamas-still-being-treated-for-trauma>

It has also been reported that "147 Palestinians were killed and 243 injured in the past 24 hours. 1.9 million people, or nearly 85% of the total population of Gaza, are estimated to have been displaced from their homes. Only 15 out of Gaza's 36 hospitals are partially functional. This alone is a war crime.

330 Palestinians have also been killed in the Israeli-occupied West Bank over the same period, including 84 children, and nearly 4,000 people have been injured by Israeli security forces during that time".

Honestly, I got those figures from The Guardian News and copied them; seems that everyone has their knickers in a twist about plagiarism these days, which reminds me I will be writing to Harvard and MIT demanding a full investigation into their close ties with Epstein, Dershowitz and others, including [REDACTED] Wexner. All the victims, including myself, were wearing Victoria's Secret clothing whilst being raped and trafficked, and many others were sex trafficked by falsely being promised modelling contacts with Victoria's Secret, including another South African victim [REDACTED].

Getting back on point, whilst I was suffering from my own trauma yesterday, I almost fell on the floor. Then I jumped like a cheerleader when I heard David Cameron, the United Kingdom's Secretary of State for Foreign, Commonwealth, and Developmental Affairs, testify to the following:

I quote again from the Guardian News in the link provided below:

<https://amp.theguardian.com/world/2024/jan/09/uk-government-accepts-israel-has-legal-duty-to-provide-basic-supplies-to-gaza>

"The British government has accepted that **Israel** as an occupying power had a duty under international humanitarian law to provide basic supplies to the people of Gaza.

The admission came when David Cameron, the foreign secretary, urged Israel to remove **barriers on the delivery of humanitarian aid** into the territory that were risking "real, widespread hunger".

"Challenged about whether Israel had a legal duty as the occupying power to supply water to Gaza, Cameron conceded Israel ought not to have turned supplies off, and should restore water."

"The foreign secretary was at his most critical of Israel in describing the blockages to aid reaching Gaza, saying: "We're at about 150 trucks a day getting into Gaza, we need to be closer to 500. Every day that we're not closer to 500, we're going to have more people going hungry, we're going to have more people getting disease, there is a danger of there being real widespread hunger. At the moment, something like 90% of Gazans are getting less than one meal a day."

Mr Ramaphosa, please can you watch this link provided by the BBC below of David Cameron's response yesterday to Israel turning off Gaza's water supply to 2.3 million civilians. I believe this was done straight after the 7th October Hamas attack.

<https://www.bbc.com/news/av/uk-politics-67926799>

SO LET'S BE VERY CLEAR THAT THE ISRAELI GOVERNMENT TURNED OFF GAZA'S WATER SUPPLY TO 2.3 MILLION CIVILIANS MONTHS AGO, AND DAVID CAMERON WILL TESTIFY TOMORROW TO THAT FACT!

The reason why I want you to get a medical professional to testify in tomorrow's hearing is that NO HUMAN BEING ON EARTH, INCLUDING THE ICJ JUDGES AND ISRAELI DEFENSE LAWYERS, CAN MEDICALLY SURVIVE WITHOUT WATER!! I give a max of 5 to 6 days to everyone in tomorrow's hearing to survive without water.

I'D LIKE YOU TO APPLY THE SIMPLE BASIC RULE OF THREE FOR SURVIVAL IN TOMORROWS HEARING:

[https://en.wikipedia.org/wiki/Rule_of_threes_\(survival\)#:%7;text=Normally%2C%20the%20rule%20of%20threes,three%20days%20without%20drinkable%20water.](https://en.wikipedia.org/wiki/Rule_of_threes_(survival)#:%7;text=Normally%2C%20the%20rule%20of%20threes,three%20days%20without%20drinkable%20water.)

I quote again for Harvard's entertainment.

"Rule

Normally, the rule of threes contains the following:

- You can survive three *minutes* without breathable air ([unconsciousness](#)), or in icy water.
- You can survive three *hours* in a harsh environment ([extreme heat or cold](#)).
- You can survive three *days* without drinkable water.
- You can survive three *weeks* without food.

Each line assumes that the one(s) before it are met. For example, if you have a large quantity of food and water yet are exposed to the environment, then the harsh conditions rule applies. The rule may sometimes be useful in determining the order of priority when in a life-threatening situation, and is a generalization (or [rule of thumb](#)), not scientifically accurate.^[5]

Additional generalizations may be presented with the rule, though they are not considered part of the "Rule of threes" and are also usually not scientifically accurate. For example, it might be said that it takes a three-second psychological reaction time to make a decision during an emergency,^[1] that you can survive 3 minutes in icy water,^[5] or that an individual can last three months without hope (or companionship).^{[6][5][7]}

Accuracy

Water

The amount of time a person can survive without a source of water (including food which contains water) depends on the individual and the temperature. As temperature increases, so does water loss, decreasing the amount of time a person can survive without water. The longest anyone has ever survived without water was 18 days.^[8] The source of the "3 days" number likely comes from an experiment two scientists did in 1944 where they ate only dry food for a period of time; one ended the experiment at 3 days in, and the other at 4 days in. However since they stopped the experiment before being in any real danger, the actual survival time at [room temperature](#) likely exceeds 3-4 days.^[8] However, at temperatures greater than room temperature, [dehydration](#) can occur very quickly, and death can occur in a matter of hours rather than days. In these cases people typically die of [heat stroke](#) first, not terminal [dehydration](#).^[8] One person was purported to survive 7 days in the desert, 6 of these without water, without suffering heat stroke as the temperature reached no higher than 103.2 °F (39.6 °C) during his ordeal.^[9] However, he had reached the third stage of dehydration, which is 80-90% fatal; this likely represents an upper limit of survival at high temperatures.^[9]"

Mr Ramaphosa, no medical professional in the world nor defence attorney can argue with basic human biology and what lack of water does to EVERY human body, EVEN YOURS, within days of NOT HAVING ANY WATER!!!

I also attach the following article for your viewing,

<https://www.scientificamerican.com/article/how-long-can-the-average/>

Please also read the following article too.

<https://www.hrw.org/news/2023/11/16/israeli-authorities-cutting-water-leading-public-health-crisis-gaza>

I quote again,

"On November 11, the head of the UN Relief and Works Agency for Palestine Refugees in the Near East (UNRWA) said: "Every little girl and boy I met in an UNRWA shelter [in Gaza] asked me for bread and water."

After October 7, the Israeli government shut off the pipes that supply Gaza with water. It has since only resumed piping water to some parts of southern Gaza while some water has entered via Egypt, but it's not reaching everyone and is not nearly enough to meet the needs of Gaza's population, requiring many to rely on the local water supply. According to the UN however, more than 96 percent of the water supply in Gaza is "unfit for human consumption." Wastewater and desalination facilities were shut down in mid-October due to fuel and electricity shortages and have been largely inoperable since, according to the Palestinian Water Authority."

I generally don't know what the ICJ constitutes as genocide, but this is the ICC's definition attached below:

<https://www.icc-cpi.int/about/how-the-court-works#:~:text=First%20the%20crime%20of%20genocide,conditions%20of%20life%20calculated%20to>

I again quote the ICC's DEFINITION OF GENOCIDE.

"The Court's founding treaty, called the Rome Statute, grants the ICC jurisdiction over four main crimes.

First, the crime of genocide is characterised by the specific intent to destroy in whole or in part a national, ethnic, racial or religious group by killing its members or by other means: causing serious bodily or mental harm to members of the group; deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part; imposing measures intended to prevent births within the group; or forcibly transferring children of the group to another group.

Second, the ICC can prosecute crimes against humanity, which are serious violations committed as part of a large-scale attack against any civilian population. The 15 forms of crimes against humanity listed in the Rome Statute include offences such as murder, rape, imprisonment, enforced disappearances, enslavement – particularly of women and children, sexual slavery, torture, apartheid and deportation.

Third, war crimes which are grave breaches of the Geneva conventions in the context of armed conflict and include, for instance, the use of child soldiers; the killing or torture of persons such as civilians or prisoners of war; intentionally directing attacks against hospitals, historic monuments, or buildings dedicated to religion, education, art, science or charitable purposes.

Finally, the fourth crime falling within the ICC's jurisdiction is the crime of aggression. It is the use of armed force by a State against the sovereignty, integrity or independence of another State. The definition of this crime was adopted through amending the Rome Statute at the first Review Conference of the Statute in Kampala, Uganda, in 2010.

On 15 December 2017, the Assembly of States Parties adopted by consensus a resolution on the activation of the jurisdiction of the Court over the crime of aggression as of 17 July 2018."

So, let's be very clear that the Israeli Government turning off Gaza's water supply not only constitutes a war crime but genocide of an entire population. Fact! And any doctor or medical professional will say the same. If they don't they should have their medical licence revoked.

****** Now, I would like to prove the intent to commit genocide by the Israeli government of Palestinians in Gaza.*

When I read that the Israeli government was flooding Hamas tunnels with seawater, I went bonkers, especially as the Israeli government cut off Gaza's water supply to an entire population. I would like you to read the attached article, again from the Guardian,

<https://www.theguardian.com/world/2023/dec/23/israel-flooding-hamas-tunnels-seawater-risks-ruining-basic-life-gaza-expert>

I went nuts because it didn't make sense as a gardener. However, it turns out I was right to go bonkers about it because I quote again from the article above,

"A potential plan by Israel to flood the Hamas tunnel network with seawater risks "ruining the basic conditions for life in Gaza", one of the elements of the crime of genocide, a senior hydrologist has told the Guardian.

Environmental experts have warned the strategy – which Israel has yet to commit to – risks causing an ecological catastrophe that will leave **Gaza** with no drinkable water and devastate what little agriculture is possible in the 141 sq mile territory.

The UN special rapporteur for the right to water, Pedro Arrojo-Agudo, compared it to the legend of Romans' salting of the fields of Carthage to render uninhabitable the territory of their ancient rival. The rapporteur for human rights and the environment, David Boyd, said damaging Gaza's sole water supply would be "catastrophic" for the environment and human rights"

"Media reports, photographs and satellite imagery suggest the Israel Defense Forces (IDF) have set up pumps at al-Shati refugee camp on the eastern coastline of the Gaza strip, which they could use to pump millions of gallons of seawater into the tunnels used by the militant group."

Israeli soldiers reportedly began trialling pumping seawater into the subterranean network last week, in an effort to drive Hamas's militants above ground and deny them a significant strategic tool."

Mark Zeitoun, director of the Geneva **Water** Hub and professor at the Geneva Graduate Institute, said seawater pumped into the hundreds of kilometres of tunnels crisscrossing the porous, sandy soil of Gaza would inevitably seep into the aquifer that its 2.3 million residents rely on for about 85% of their water.

Zeitoun, who has worked as a water engineer for the UN in the occupied **Palestinian territories**, said the aquifer was already badly contaminated from wastewater and from seawater infiltration caused by years of overabstraction.

"If you add more seawater directly, right on through the sand into the aquifer, it's not going to turn a top-quality resource into a vulnerable resource, it will turn a vulnerable resource into a catastrophic one," Zeitoun said.

He said the contamination would be such that current neighbourhood-level reverse osmosis desalination methods used by Palestinians in Gaza to treat their water would no longer be feasible.

"It would ruin the conditions of life of everyone in Gaza," he said. "I say the conditions of life because I think that's one of the elements of genocide

within the UN convention, the partial or complete physical destruction of the conditions necessary for life of any people.

“Flooding the freshwater aquifer with seawater would go against every norm humanity has ever developed, including the environment aspects of international humanitarian law/rules of war and the recent principles on the protection of environment in relation to armed conflict and all the progress made towards criminalising harm to the natural environment: ecocide.”

Wim Zwijnenburg, a researcher for the Dutch NGO Pax for Peace, who investigates the environmental impacts of war, warned of additional dangers. “We don’t know what’s stored in the tunnels,” he said.

***** On the 15 December, it was reported by the Times Of Israel

<https://www.timesofisrael.com/idf-trial-of-flooding-hamas-tunnels-with-seawater-proves-successful-toi-told/>

I quote again,

“Israel’s reported attempt to pump seawater into the vast network of tunnels beneath Gaza was a success, The Times of Israel learned Thursday, as the army warned of “new combat methods” to deal with terrorists hiding underground.

The Wall Street Journal reported on Tuesday that the IDF had started pumping seawater into Hamas’s underground tunnel system, a move aimed at destroying the Palestinian terror group’s subterranean network of passages and hideaways and at driving its operatives above ground.

IDF Chief of Staff Lt. Gen. Herzi Halevi said last week that flooding the tunnels was “a good idea” but wouldn’t comment further.”

So Mr Ramaposa, I'm tired now as it's been a long day. I hope this one point alone of water supply clearly demonstrates Netanyahu is committing genocide and had intent to commit genocide for tomorrow's hearing.

Good luck.

Kindest Regards

On Wednesday, 10 January 2024 at 16:03, [REDACTED] <[REDACTED]> wrote:

Hi James and [REDACTED],

Thank you for the update below.

I'm afraid I have to **disagree** with you that doing **media interviews** will be **disadvantageous for me. I firmly stand my ground on this one as I stand by all of my allegations with evidence to support each claim.**

I want to explain why I think it would be a **MASSIVE ADVANTAGE to all the Epstein victims and me**, especially after the **last 24 hours and how the media has completely and utterly destroyed me publicly**, using me as **political collateral damage to hide crimes of rape and sex trafficking**, knowing that they **all don't have a leg to stand on trying to discredit me**, especially with all the evidence I've sent to the media backing up my allegations including JP Morgan emails and Citi Bank emails during the time I was trafficked and after when Adam followed me to London and lived in my house and prevented me going to authorities in 2007 and 2008 whilst the plea bargain was being negotiated by Alan Dershowitz who has worked on behalf of the State Of Israel for decades. Can you believe the cheek of both Alan and Adam?!

Also, I have **photos of other rape and sex traffic victims standing right next to me on Epstein's Island** that were used in **both recent bank class actions**. I've been trying for **seven years to get those other victims in court to testify and corroborate my story**, especially of how **my starvation was used as entertainment and torture for all over an extended period**, along with being **raped repeatedly and sex trafficked**.

Again, the **email correspondence between [REDACTED] and me proves** that very, very, very nicely. So, thank you, [REDACTED]. Would you still like me to send you naked pictures? Did you enjoy looking at them before you sent them to Jeffrey? Again, your other email to me demonstrates that, along with, I'm sure, the other **200 victims we have yet to hear testimony from**. I've attached the relevant email.

I want to explain fully in my interviews how the extended period of starvation inflicted on me at the hands of Epstein, Maxwell, [REDACTED], and co for entertainment and torture over a long period affected my body's physical and mental well-being considerably as I suffered significant health consequences. I've attached an article below highlighting what the starvation did to my body.

https://www.medicinenet.com/how_long_does_it_take_to_die_if_you_dont_eat/article.htm

I feel this is important, especially now, because I would like to highlight what the current Israeli hostages and the 2.3 million innocent civilians in Gaza are currently experiencing right now, seeming as I know what starvation being used as a weapon feels like.

I'm also very conscious of the fact that 2.3 million innocent civilians, including women and children, are on the brink of famine. I've attached some articles below, so I would like to highlight this in my following interview.

<https://www.hrw.org/news/2023/12/18/israel-starvation-used-weapon-war-gaza>
<https://edition.cnn.com/2024/01/05/middleeast/gaza-famine-un-warning-intl-hnk/index.html>
<https://time.com/6552740/gaza-israel-starvation-hunger/>

James and [REDACTED], as you know, **I'm three months pregnant.** I have attached my **latest scan**, taken on the **2nd of January 2024** (please send it to **Kier Starmer** to remind him what a **biological woman** is, seeming as he has **forgotten** and is **potentially the United Kingdom's next leader**). Yesterday, I had an **appointment at the hospital** with **four medical professionals: two psychiatrists, a paediatrician, a gynaecologist and the father of my baby.**

(Heaven above only knows what those poor pregnant women and new mothers are going through in Gaza and the West Bank, especially their unborn and new babies, and how they both are coping. I know the stress I, my body and my mental well-being are going through, and I feel truly blessed to have the medical care facilities available here, which is why it's imperative they get medical care, too. That's a fundamental human right, and they don't have ANY HOSPITALS TO GO TO or MEDICAL FACILITIES or TREATMENT! - THE PUBLIC NEED TO KNOW THIS!!! Can you imagine giving birth to your new baby in human faeces and raw sewage!)

And I can assure you both this appointment is very much recorded. Hopefully, the **US and Israeli government won't delete them this time.** Again, I'm still **waiting for the UK government to open a complete inquiry about why my medical records were deleted.** I have the photo of my first suicide attempt due to extreme trauma suffered because of Adam, Epstein and co, so where are my records? I have an email from the NHS **confirming my records are NOT there, so I want an inquiry done immediately as they are vital evidence.**

You see, this is **especially important why I do need to do interviews** because all need to know that since **Epstein put me on medication at the age of 22 to subdue my trauma of being raped and trafficked daily, I have continually been on medication since then. Due to the nature of my trauma now, and especially after the last traumatic 24 hours of the media's unbiased, disgusting reporting and the previous seven years of fighting for justice, I am unable to come off my medication.**

My pregnancy and birth have now been upgraded to medium risk, and my whole birthing plan has changed. My newborn baby will now have to be weaned off and monitored straight after birth because of the medication I am on due to trauma, which was prescribed to me after my second suicide attempt in 2018. However, that means I can't breastfeed, can I? Breast is best, so now my child will **NOT** have my breast, **RESULTING IN MY NEW BORN BABY NOT HAVING THE BEST, MOST NATURAL NUTRITIONAL START IN LIFE!**

You have, and I'm sure the media have seen the photos of the **suicide attempt with two broken feet put together with nails. A fractured back, which resulted in me being in a wheelchair for three months because of the abuse suffered by Epstein and co, the abuse of my then attorneys during MY LITIGATION, WHICH WAS SETTLED AND UNFAIRLY SETTLED BECAUSE I SIGNED UNDER ENORMOUS DURESS FROM MY THEN ATTORNEY'S AND HIGHLY MEDICATED. I WANTED TO GO TO THE TRIAL, AND MY THEN ATTORNEYS PREVENTED ME DOING SO. IF THEY DIDN'T THINK I WAS CREDIBLE, THEY WOULD NEVER HAVE REPRESENTED ME IN THE FIRST PLACE!**

You see, the medication I am on now is essential in my interviews because it was prescribed to me after the suicide attempt, which was also massively influenced by being in hiding due to the actions taken by Maureen Callahan and, again, Dershowitz and The New York Post. You see, I had to go into hiding for two years because of their actions and The New York Posts and Epstein locating me in Barcelona. I have a very, very solid and credible witness to verify this. Again, I have an email from Epstein to another sex traffic victim, as you know, looking for me in January 2017. Again, I'm looking forward to Callahan's article on the matter.

As a Marsh Law Firm client, I'm advising you to please send me a complete list of all media requests made for me or forward me all requests by the end of the day so I can personally respond to each one or arrange an interview.

This is very beneficial because I can show the public and the media every piece of my evidence. I have waited years to show the public everything I have.

Also, I would like to set up an interview with **Richard Branson, Bill Clinton, Donald Trump and David Boies** and publicly address that made false allegations that I had videos of them to Maureen Callahan when I first came forward in October 2016. I want to explain how traumatised I was publicly and will show them all my evidence on a world stage. As you guys know, David has seen my evidence before, so this bit will be boring for him. I will also tell them to their face on a world stage that I retracted those claims in the first call with David, Sigrid, Paul Cassel and the other attorneys in **October 2016** and will be on record too. I have a witness to verify that, and David can confirm this in our group interview.

I would like to set up.

I would like to publicly get on my knees and beg for their forgiveness for Branson, Clinton and Trump because they can't sue me for definition; I don't have any money. I guess this is the next best thing because even when I get compensation for being raped, and sex trafficked, I don't think they would want to take that because I've offered to get on my knees and beg for their forgiveness publicly.

However, after I've done that, they must explain their relationship with Epstein and co, especially Bill Clinton. I think it's important we have full transparency here. Again, I would like David and Clinton to address these two articles attached below, and I want to ask Boies why he didn't just subpoena Bill at dinner. They were sitting together in December whilst representing [REDACTED] [REDACTED]. I also think Branson is pictured with Epstein, but I'm not sure if that's a rumour but I'm sure Branson will clear that up when we sit together in our interview.

I will also tell them I stand by the one million per cent allegation that everything was filmed and that the FBI and Epstein Estate have those recordings. I would like the FBI and Epstein estate to prove me wrong.

I also want David Boies and Sigrid and Brad to explain why I received an email from [REDACTED] [REDACTED] earlier today, which I'm sure would very much like a public apology from Bill Clinton, seeming as he aided with her sex trafficking as to why she is yet to hear from the attorneys or the administer who has just taken \$109 million for compensation from their 150 clients

excluding all the other victims or doing their job EXCLUDING THEIR 2.5 MILLION LEGAL FEES.

I've attached the email for you guys. Please reach out to [REDACTED] and give her the information you gave me yesterday so she can further pass that on to the other rape and sex traffic victims.

James and [REDACTED], seeming as if I'm running out of time, and I'm aware of the hearing with South Africa stating why the State of Israel is committing genocide, I have included the ICJ in this email, including the South African government.

Please follow up immediately with the South African government, like NOW, and tell them they need to get a medical professional to the hearing tomorrow. This is imperative to proving their case very, very easily on genocide and intent to commit genocide, which I will explain in my next email, which will follow shortly. They must start organising this NOW for testimony for tomorrow.

Kind regards

[REDACTED]

P.s can all in this email contact SA to ask them to find a medical professional for tomorrow's hearing NOW!!! Stand by I'm working as fast as I can.

Dear [REDACTED] --

As you know, every business day there have been additional documents unsealed by the Court in the [REDACTED] v Maxwell case. Most of the papers could have been more interesting. Yesterday there were several documents which were not identified but there is some indicia that they were excerpts of emails from you to a NY Post reporter alleging abuse by Trump, Clinton, Branson and others, including videos, and then retracting those statements. Since then, we have been inundated with media requests for you and us. We have declined or ignored those requests since we do not see a benefit for you and see a lot of potential downside and disadvantage. We recommend that you decline as well.

As to the JP Morgan fund, we have been advised that Determination Letters will be going out within the next week on a rolling basis. We have also been advised that there will be more information in the Determination Letters regarding the Mental Health Fund.

We will keep you apprised as we learn more.

Again I would like to thank the media for your unfair reporting. Especially of a proven victim of rape and sex trafficking.

You all failed to mention in your reporting that majority of photo's that you all have been using to publise the Epstein case for years came directly from me. I have attached a few.

Isn't it interesting that [REDACTED] claim against Andrew is based on a photo no one has ever seen yet you've been using ALL of my photos for years. Interesting isn't it, yet you've publically discredited me.

I also ask that you interview Boies, Sigrid, Stan, and Brad and my ex Peter who was there the time of the writing of the emails. Those lawyers will tell you as its because it's been recorded that I notified them about the false allegations in the very first phone call I had with them.

I would also like you to point out I never signed an affidavit nor did I make those claims in court of law. I addressed those allegations right from the beginning in the very first call with the lawyers.

It's not like I was half way through litigation and decided "I may have made a mistake". That would be contempt of court for wasting time?

I stand by every allegation I have made along with all my evidence and witnesses who will testify under oath.

Be careful to the media, we don't want another [REDACTED] moment especially with inaccurate unbiased reporting especially when it concerns a rape victim.

If you want to report, please do so accurately which includes my full story not just small bits you choose in order to publically smear and discredit me.

And very interesting that no one one has published my direct comment on the matter either.

Food for thought, no?

I will not be intimidated by the media in order for the truth to come out.

*** Only one journalist has reached out to me for comment on the release of my documents. Yet almost every single media outlet has written or attempted in their unbiased reporting to smear me, discredit me and undermine my credibility. Today's irresponsible reporting and the lack of contact with me for comment clearly demonstrates unbiased journalism, which is harmful to a victim of rape and sex trafficking. This must be noted in the ICJ and South Africa when I put forward my case. I would like to remind the media to be fair and include my personal comments below on the matter.

I want to thank Netanyahu, the United States Government, and the media for proving everything I have said in prior emails on a world platform. Actions and words are very different, especially in a court of law and under oath. Today, it is evident enough reason that those I have named must be held accountable in an international court of law. Let me be clear: public perception is fine with me; I didn't come forward and fight for justice for decades to be famous or wealthy. The truth matters, and I'm happy for it all to come out now, especially under these grave and urgent circumstances. The sooner, the better because lives are at stake, and that's what's important here.

To date, not one media outlet has published a supportive article of me nor included any emails of Adam Castellani, who was the Vice President of JP Morgan or his Citi Bank emails or [REDACTED], [REDACTED] and [REDACTED] [REDACTED], the girl who recruited me emails; I have sent to corroborate my story. Why is that? You also failed to mention who is in the pictures you've just published in a media attempt to smear me, including [REDACTED] [REDACTED], the lead plaintiff in the JP Morgan class action, which has now been settled, and all Epstein victims, including myself, are waiting for compensation or [REDACTED], who will corroborate JP Morgan's involvement in aiding and abetting Epstein sex trafficking ring for decades with her direct correspondence with Jess Staley at the same time as I have emails with Adam. I would also appreciate it if the media would remove and stop using the photo of me in a purple bikini, as that was taken when I was in Jean Les Pins in 2012 while working in the yachting industry. If you will use photos, please use the correct ones, including the ones of Adam and me.

Today, I wrote a crucial open email requesting to be a representative of the State of South Africa at the hearing at the ICJ, and astonishingly, of all the days the US released documents regarding me, the media have used it as an apparent attempt to smear and discredit me. This extraordinary timing is why South Africa must hear what I say and pay close attention. The fact that the US and the media today have tried to discredit me by sensationalising one fact but failing to add the rest of my supportive evidence and in the astounding aggressive nature of the journalism, knowing the evidence I do have, which you all have been sent, shows collusion, which is precisely one of the reasons Benjamin Netanyahu is currently on trial in the first place proves much.

I look forward to furthering my case against every witness I have named to date and holding them accountable for the horrific crimes committed against me and thousands of others. I also look forward to testifying under oath in an international court of law alongside every person I have named, including journalists and certain media outlets, including the lead attorneys.

I also look forward to the opportunity to further aid South Africa to prove their case against the Israeli Government.

Thank You.

The time has come hasn't it? You've played a very very dangerous game. You've underestimated me and you've just lost the war..... on all fronts.

If you choose to further escalate tensions with Lebanon, I can assure you it will end very badly, not only for the State Of Israel but also for the United States. It's not a threat its a promise and those involved know exactly what I'm talking about. I am done playing your games and I will not let innocent civilians suffer and die because of you all.

I have been incredibly cautious Alan for years NOT to involve another Sovereign State such as Lebanon. David, Sigrid, Brad and Stan, you will know I've been cautious to NOT further escalate tensions in the numerous interviews I have done etc.

You know this first hand Alan yet you keep on kicking the hornets nest? Why? I'm not afraid of you anymore and I pray I get the opportunity to address you face to face in the near future however this time when we meet Alan you will be the powerless one not me.

If you choose to peruse this path, the only looser will be you. The media of course don't know this do they, but you all do.

I'm not just an ordinary Esptein victim am I? I am now fully aware of why no depositions were done in my own litigation.

Alan, this is your last warning as you have made it abundantly clear you work on behalf of the State Of Israel in your recent interview. I have attached the link below.

Even more reason why every stone must be unturned and a full International investigation of Epstein's plea bargain in 2008 must be investigated immediately because as you said you work and have worked for decades on behalf of the State of Isreal.

I phoned the ICJ last week to ask to testify. I'm not a state unfortunately but seeming as I'm a South African citizen I ask that South Africa considers what I have to say before Thursday as a representative of South Africa having had first-hand experience of the cruelty and suffering inflicted on me and hundreds of others many whom were children, at the hands of the State Of Israel and the United States.

I hope to see you all very soon.

Guys, this is fantastic news!!!! Check this out!! Doug Band was even on the trip to South Africa in 2002. So many coincidences I've lost count.

So Doug Band would have met [REDACTED], who was recruited into sex trafficking with the aid of Bill Clinton being present on that infamous group holiday to South Africa.

But isn't David Boies, Bill Clintons long term closest friend?

They were all pictured together having a lovely dinner in December 2016 whilst he was mine and [REDACTED] attorney! [REDACTED] must be shocked and mortified of her own attorneys close association with Bill Clinton whom she met on Epsteins Island along with Al Gore? Isn't Boies, the Clintons long term attorney too? Why is the media not informing the public of this crucial information??

On Wed, Dec 27, 2023 at 15:29, [REDACTED] <[REDACTED]> wrote:

To All,

I appreciate it's the holidays, and everyone is stuffing their faces, having fun with family and friends, etc.. However, there is an urgent matter at hand which I'm very, very concerned about.

A UN resolution was passed on the 22nd of December for delivery of aid, food, water, and medical supplies to the starving millions aside from the innocent Palestinians that are being murdered in hundreds by the day and have lost their homes and live in sewage where diseases are spreading rapidly. Let's start with feeding the starving, never mind stopping genocide which it is clearly now.

Please understand the hostages will also be starving, perhaps wounded and in desperate need (that's if they don't get shot by the IDF).

Since the UN resolution was passed, I have seen no media coverage of ANY aid deliveries into Gaza?

Are aid and food being delivered? Again, I understand it is the holidays, but please could someone, anyone, check that food water and medical supplies are getting through for the starving Palestinians and hostages?

Has the Netanyahu Administration and the US government adhered to the UN resolution passed on the 22nd of December? Has the daily quota of delivering simple necessities for the 2.3 million human beings to survive been fulfilled? If not, please report it and help.

In the New Year, I will be applying for a job at the UN because I'm NOW of the assumption that all UN ambassadors lack all common sense, compassion, humility and love for others other than themselves and their self-interests. (I don't think they will hire me, but God loves a trier, right? That's my motto because even if I fail, I will know in my heart I did everything to protect another innocent human being from death and suffering)

The UN has demonstrated that its purpose is NOT to achieve world peace and order but to self-serve. If I'm candid, which sometimes I can't help myself be because the

truth is the respect and admiration I have for “world leaders” is well below ZERO through my own lived experiences of extreme cruelty for decades, just like I know the other Epstein victims have suffered (except [REDACTED]), I often wonder what the UN does all day? The UN has demonstrated that it is an ineffective, biased institution that applies the mentality of different rules for different countries.

The UN still hasn't even acknowledged or attempted to help with all the Epstein rape and trafficking victims and myself (except [REDACTED]). We all (except for [REDACTED]) still know nothing, not even a single word.

Just darkness, all day, every day? Being kept prisoners, not knowing when we will be set free (except Virginia). THIS IS NOT GOOD ENOUGH, AND YOU SHOULD BE ASHAMED.

I hope [REDACTED] sent some presents or well wishes to [REDACTED] children, who have had to spend their first Christmas without their mother. Or her mother or brother (especially her brother) who told her husband to take her to the hospital there days before her death due to her being readily unwell.

I dread the day they find out what happened to their Mum, which will be soon. I very much look forward to Lucia's and John's testimony under oath about where all her evidence is, the private investigator that was sent numerous times to intimidate, being offered a stack of money in Florida, etc.

Didn't [REDACTED] fire her attorney after the Ghislaine Maxwell trial because she found out there was a conflict of interest due to him being linked to [REDACTED] and Boies? I'm surprised Lucia isn't shouting about all of this!! I know because I spoke directly with [REDACTED] with John present.

One has to wonder if all UN Parties smoke bongs or crack pipes like Hunter Biden all day, who has yet to disclose what he did as a high-paid employee for David Boies. Indeed, this is of public interest. What did Hunter do that was such a big secret?

I'm so pleased that his father is pardoning those who have been incarcerated in prison for years for smoking weed or carrying a gram or two of weed. I even made that point to [REDACTED] in 2019 as to why weed smokers are in prison, yet rapists and paedophiles walk free? Never mind the crack pipe smokers; get the weed smokers for the terrible, awful villains that are wrecking the world and causing havoc! Kids don't smoke weed, smoke crack like Hunter, then you won't go to jail. Awesome start to the New year!

In the latest round of [REDACTED] PR machine hard at work, and all newspapers getting all excited and into a frenzy again to regurgitate the same old Andrew story over and over again to make more money (Dick has still NOT signed off on the release of the flight logs) it has puzzled me that in her latest round of X posts, there is not even half a millimetre sense of distress, turmoil, or trauma which most Epstein victims and myself are currently experiencing day after day, month after month, which is a clear indication that she is NOT being kept in the dark and living in isolation, fear and deafening silence as to what is going on with both class actions which affects hundreds of rape victims and myself or what her future holds. She has that sussed already with her PR agent and public image rebrand. 2024 is going to be a biggie for her clearly.

If she was kept in the dark like the rest of us, I can assure you she would be just as distressed; Lord, the entire galaxy would know and be in every newspaper in the

world!!! Her PR machine will be in overdrive, so much so it will start smoking from overheating. Holy Shit, there would be world war 3, 4 and 5 if [REDACTED] didn't know anything about her compensation, never mind the rest of us who genuinely care about justice and one another. Isn't Boies her lawyer? Why is she not begging him for information?? Why is she not concerned, or has she shown concern for the hundreds of other victims?

As [REDACTED] [REDACTED] works very, very closely with Boies and co and has done so for many many many years and is the spokesperson woman for every single Epstein Victim, myself included, and is the only Epstein victim well who seems to have been raped and trafficked in the decades-long Epstein sex trafficking ring which she recruited for please can someone ask her to update all the victims including the ones that are still alive whom she sold into sex trafficking as children and myself on X about what's happening?

Again has anyone checked where the other victims she recruited to be raped repeatedly are? Are they, too, being represented by Boies in the JP Morgan class action, as they have the vast majority of Epstein victims as clients?

Wouldn't that be considered a massive huge gigantic conflict of interest if Boies was representing all the [REDACTED] rape victims that she recruited? How is that possible? I fear for their safety and don't believe they will be treated fairly, as I have clearly demonstrated extreme bias. Seems as if there is a clear, definite hierarchy of victim values to the lawyers for their clear agendas.

We all suffer greatly, and many others are in the same boat. Please can someone, anyone, [REDACTED] to alleviate our distress and update us on our futures, seeing as she is our spokesperson, bearing in mind we were all raped and trafficked, hence being a class action. I know she is busy rebranding her image, and it is clear to me she has this information, but a few simple, quick updates will do.... Anything. Please beg her to spend a thought for the rest of us as we desperately want our freedom, too.

Also, can she please advocate for releasing the Epstein flight logs, which are of exceptional importance for justice?? Why hasn't she been advocating for this?

Bill Gates, I'm trying to contact you and desperately need your help, please, as I believe you're being thrown under the bus again, just like Ehud Barak. I know the Israeli elections are coming up in January or are supposed to, and Rupert and Boies published only your two pictures. I must understand why, especially considering your decade-old feud with the Boies in 2000. Wasn't the Clintons who commissioned the case against Microsoft and Boies the attorney? Bill, I need to understand what is going on. Please help us. This is 100% genuine, please help us.

[REDACTED], it's interesting that your PR agent is the same as Monica Lewinsky Mmmm, a coincidence, perhaps? No no no no Cherie...This was planned all along!

You see, you "fired" Dawn Schneider, who worked your PR regarding the Andrew story hard, fast and down to a fine art. A ruthless, nasty piece of work, she is Dawn, and you were very close with her. You even announced it on social media to "rebrand your image" after the Andrew scandal and were being represented by your new agent, Dini von Muffling, so you can't deny this and be available for, well, lots of things one assumes having a pr agent organising events for their clients? A good one, anyway?

[REDACTED]
[lewinsky-pr/](#)

What's interesting here about Monica Lewinsky is that when the affair and blow job under the desk came out about Bill Clinton (David Boies's long-term best mate and client, I attached the picture again, which was taken in December 2016 whilst David was representing you and me in you're defamation case against Ghislaine maxwell), **Bill's presidential rating skyrocketed**. So, from a media perspective, good job, Bill.

<https://www.washington.edu/news/2001/01/22/media-driven-public-backlash-spurred-clintons-high-job-approval/>

But what's even more interesting here is that David Boies, you're attorney [REDACTED] (my ex-attorney), was repressing both Bill Clinton for his impeachment and Al Gore, the Vice President at the same time you were being "trafficked" from 2000 -2002. Hence, it's weird that all these years later, you end up with the same attorney and, well, the same people again. You said you regularly saw Bill Clinton and Al Gore on Epstein's island... well you must have seen Boies, too, then, no?

PRINCE Andrew's accuser [REDACTED] is working with Monica Lewinsky's PR to craft her image after her \$14million settlement with the Duke.

Ms [REDACTED], 38, is being represented by New York-based Dini von Mueffling,

What's also rather interesting is that Monika Lewinsky has a new release documentary or something interviewing strong women who have been shamed in the media and survived..... something like that as it's all gone rather quiet... eerily quiet about her new and exciting project.

It sounds like something you and Megan Markle would be super up for, considering it would only bolster Hillary Clinton's ratings whilst she aggressively "campaigns for Joe", actually herself.

We all know Joe won't make it to the end of the next presidency (he can't make it to the end of the stage), so what do you think will happen?

**Joe steps down, the VP becomes POTUS, and who do you think will be the VP?
Hilary....Yay!!!**

The Clintons have already done the Monika thing to death years ago in [REDACTED], and it's the same tactic they used back then, too. It's getting boring now. Can't you tell Hilary to take up knitting or something? Badmington maybe?

Our world peace and security is at the tipping point, IN IMMEDIATE DANGER, and I accuse the Netanyahu and the Biden administration of openly blackmailing not only the very UN itself but abusing rape and sex trafficking victims as political weapons in a global capacity.

I first came forward about my rape and sex trafficking in 2016, whereby I have not only directly worked with David Boies, Sigrid, Brad and Stanley Pottinger for many years as they were my attorneys "representing me" during my litigation, which this day I'm not sure if one deposition was done which is peculiar considering the amount of evidence I have against the perpetrators, I have also spent many years closely studying their words, and behaviour like a lion waiting patiently for its prey to become afraid.

I may not have a degree, but I certainly have a degree in the attorneys named above, which is why everyone must know that the article published by **Rupert Murdoch's Wall Street Journal on Sunday, the 17th of**

December, along with his publication in the **New York Post**, not only directly implicates Rupert on a global platform but also, Boies, Brad, etc. and Netanyahu directly!

Please read the article below in the Wall Street Journal and know every word has been carefully choreographed to implement fear, blackmail and threats globally, ESPECIALLY TO THE UN; this must be taken urgently. I would go as far as issuing IMMEDIATE INTERNATIONAL ARREST WARRENTS for Netanyahu, David Boies, Sigrid, Brad, Stan, Joe and Hunter Biden, Rupert and Lachlan Murdoch.

***** Due to the current unique circumstances, I would also say that any vote by the United States on this occasion would be considered null and void for the war crimes committed on every level.**

<https://www.wsj.com/us-news/jeffrey-epstein-sexual-abuse-women-vip-connections-f5451078>

I have attached the photo of the Polish Epstein rape and sex trafficking victim. The lawyers who are representing this poor victim have been carefully selected for their **recent political agenda** and have used **Rupert's publication as a political weapon to divert attention away from their crimes and to threaten the UN particularly**. Please know that none of the Epstein Victims, to my knowledge, including myself, have been offered settlement offers of **COMPENSATION FOR BEING RAPED AND TRAFFICKED** yet, and we are being ultimately denied any knowledge as to what is going on.

It's amazing the power the attorneys have over us. They say jump; we say how high, just like Epstein used to do directly with me and others; the ongoing silence is already **classified as psychological torture methodology**. **Starvation was used on me, too, back then, as I mentioned in my email correspondence with [REDACTED] in 2007, to get into FIT, which I have shown along with all my other evidence.**

Please understand that we are all utterly desperate for even a slither of news, including myself. The **delay in compensation using starvation methods is being used to abuse the 150 other victims they have now confessed to representing and myself into complicity**. This method was directly also used in my litigation when they represented me, which is why when I first publicly came forward was, Stan writing an Op-Ed in the New York Times on "How David Boies Saved Me".

<https://www.nytimes.com/2017/11/15/opinion/david-boies.html>

Unbeknown to me, David Boies used me to deflect and de-escalate the escalating accusations and investigations into Boies' and Lisa Bloom's behaviour towards the Weinstein rape victims and ongoing investigation as he was their client, and they used my anonymity for their personal use. It's in my grievance against the attorneys.

The Epstein rape victim whose attorneys, Bradley Edwards and Boies, who have just exploited and politically weaponised, is clear to me, a victim like many struggling, and the picture used depicts poverty. I would also like to remind all that when they **advertised for Ukrainian, Russian and Polish victims**, it was made clear

from the beginning they would only perceive a **once-off PAYMENT OF AROUND \$75 000**. I made a big thing of this right in the beginning.

Incredibly, there is no news coverage on that fact in advertising for Eastern European Epstein victims, so I presume \$75,000 is correct for the payment, which is being used as coercion and tactical methods used as international political weapons, especially at times like these and especially with the current conflict, Netanyahu administration and US elections to sway votes or agreements to their favour.

I QUOTE:

"OR SECURE THEM A JOB AT THE UNITED NATIONS"
"HE CONNECTED ROD-LARSEN, THE THEN HEAD OF INTERNATIONAL PEACE INSTITUTE, AND DANGLED AN OPPORTUNITY TO WORK AT THE UNITED NATIONS"
"JEFFREY SAID THE IPI PEOPLE LOVED ME"

This clearly says to me that there are more communications, etc., directly implicating the UN's INVOLVEMENT WITH EPSTEIN THAT THE ATTORNEYS, INCLUDING RUPERT MURDOCH, HAVE AND ARE GOING TO USE AND PUBLISH!!

A CLEAR ABUSE OF AN EPSTEIN VICTIM AS A POLITICAL WEAPON, CONSIDERING THERE IS A VOTE TODAY FOR A CEASEFIRE! GREAT TIMING FOR THE ARTICLE TO COME OUT BEFORE THE VOTE IN THE UN SECURITY COUNCIL!!

This violates every international law, never mind the UNITED NATIONS CODE OF CONDUCT, WHICH I PRESUME THEY HAVE FOR ALL MEMBER COUNTRIES.

I ASSUME THIS IS BREAKING EVERY UN CODE, AS BRAD AND THE WALL STREET JOURNAL IE, RUPERT MURDOCH HAVE DECLARED THAT THEY HAVE EVIDENCE DOCUMENTATION FROM THE UN WHICH WILL SHATTER EVERY FABRIC OF THE UNITED NATIONS AND WHAT IT STANDS FOR, NEVER MIND ALL THE OTHER EVIDENCE THEY ARE HARBOURING FOR THEIR POLITICAL CONVENIENCE!

THIS IS A DIRECT THREAT TO GLOBAL SECURITY AND PEACE!!!

WHY HAS THE BOIES' NEW YOPK TIMES ARTICLE BEEN REMOVED, PROVING HE USES BLACKMAIL! WHERE HAS KELLER DISAPPEARED TO?

My heart breaks because I can see the desperation in the picture. Again, Hunter Biden **MUST** explain what his role as a highly paid employer was doing for Boies Shiller Flexner as he isn't a lawyer, and he certainly wasn't making the coffee for Boies, so what was HUNTER BIDEN DOING FOR BOIES FOR SUCH A HEFTY PAY CHEQUE FOR DAVID!!!

It's also interesting that the photo of Bill Gates only surfaced for the first time on Sunday, along with their picture of Ehud Barak and Woody Allen (disgusting who should have been in prison decades ago).

I've attached the pictures published. Please note David Boies made his career suing Bill Gates and defending none other than CBS. Why publish the photos now?

- He represented the Justice Department in the *United States v. Microsoft Corp.* case. Boies won a victory at trial,^[18] and the verdict was upheld on appeal. The appellate court overturned the relief ordered (breakup of the company) back to the trial court for further proceedings. Thereafter, the George W. Bush administration settled the case. Bill Gates said Boies was "out to destroy Microsoft".^[19] In 2001, the *Washington Monthly* called Boies "a brilliant trial lawyer", "a latter-day Clarence Darrow", and "a mad genius" for his work on the Microsoft case.^[18]
- Also at Cravath, Boies defended CBS in the libel suit *Westmoreland v. CBS* from 1984 to 1985, but after dragging on for two years, the case was dropped.^[20]

I would also like to use the recently published photo of Ehud Barak as an example, which directly implicates Netanyahu. Again, it's incredible that that photo has surfaced now, which would inevitably divert attention away from Netanyahu's complete involvement in something he is already on trial for and will go to jail for! So, this WSJ article is being used as evidence in his ongoing trial.

Netanyahu used Barak's relationship with Epstein to manipulate the Israeli voters and win the elections in Israel.
Netanyahu is once again using Barak's relationship to divert Israeli attention from the war crimes he has committed and is committing and will execute, and if we don't stop him and Biden, the world is burnt toast. Again, Netanyahu is directly using this same methodology to manipulate governments, countries, the UN, the media and, most importantly, the citizens of Israel, who deserve much, much better than this. Sorry, Netanyahu, this is NOT going to work this time!

Please take a look at the article I've included.

<https://edition.cnn.com/2019/07/11/middleeast/jeffrey-epstein-barak-netanyahu-israel-elections-intl/index.html>

<https://www.nytimes.com/2018/09/21/business/david-boies-pleads-not-guilty.html>

I also accuse the US Government of directly blackmailing the British government into supporting them by dangling the UK and US Trade Agreement over their heads for years. Any agreement signed anyway would effectively be coercion, and ALL COUNTRIES MUST TAKE IMMEDIATE STEPS TO SECURE THEIR COUNTRIES.

<https://www.theguardian.com/politics/2023/dec/18/joe-biden-signals-he-has-no-interest-in-signing-us-uk-trade-agreement>

This is against international law, never mind actively attacking the British and Spanish royal families and the Netherlands. It's funny how the Spanish Prime Minister stood up and got Netanyahu, and then suddenly, out of the blue, there is a nonsense story about the Queen of Spain. I think it's been made quite clear you DO NOT LIKE ANY ROYAL FAMILY AND ARE A DIRECT THREAT TO ROYAL INSTITUTIONS!!

I know full well what you think of the Epstein victims and myself. It wasn't until today that I knew who owed your station on TALK TV, and wow, isn't that a coincidence, Rupert Murdoch? What a shock that was to me..... not!

You were the one who "outed" King Charles and the Princess Of Wales as being "racists", which is the most ludicrous thing I have ever heard in my life as someone expecting a child
AND HAVE THE BABY BOOKS TO SHOW HOW RIDICULES THAT ACCUSATION IS!

Then you use typical gaslighting psychology, "defending them". Meanwhile, if the translators hadn't stood their ground and I hadn't outed Rupert Murdoch and Harper Collins as the ones responsible for publishing the names in the first place, NOT THE DUTCH PUBLISHERS OR TRANSLATORS, THEN THE MEDIA WOULD BE HAVING A FIELD DAY.

Again, I worked every single step of the publishing process with Harper Collins for my memoir to fully understand who was responsible.

**IF THIS HAD NOT HAPPENED, THE CASH WOULD BE ROLLING IN!!!
SELL, SELL, SELL!**

And again, you and no one else outed the names to create the media storm. Then you continued punting the story in defence, only keeping the story in the media even longer.

It's also highly suspicious that the Prime Minister is having a secret little meeting with Rupert and Lachlan Murdoch, my medical records being deleted, security system breached, Adam emails deleted etc.

My email correspondence alone regarding the Viacom agreement has demonstrated direct involvement in aiding and abetting the Epstein Empire by trying to silence and destroy me. It was arranged through Harper Collins, who published my memoir, and the same publisher that keeps hammering the Royal Family, owned by Rupert Murdoch, who is friends with... Boies. Yay!

Boies is also aiding and abetting the Epstein Empire by getting victims to sign secrecy agreements, with companies like HBO owned by Disney, who till this day have never released the "Epstein Documentary" produced by the famous ADAM MACKAY and the attorneys would approve locking them into silence forever because they are the lawyers for the Epstein Empire, always have been. And who is David Boies's friend.....
Rupert Murdoch, and what are they protecting?

Again, the Andrew story must have racked up billions!

Isn't that right, Rupert?

I want you to tell everyone how YOU AND YOUR STATION treated [REDACTED]! I was on the phone with [REDACTED], who was utterly traumatised and hysterically crying when you organised that interview with her.

I saw videos of what happened in the hotel room with [REDACTED], where she was alone late at night with two strange men and that huge fight started because of an unpaid bill. That was a complete set-up! No media outlet behaves like that, and I know because I have done my fair share of media interviews. That behaviour with [REDACTED] was full-on abuse!

I also know over the years that Boies and co have done everything to prevent her from doing interviews and speaking about Bill Clinton, and what happened in that hotel room completely terrified her! Good job, Piers.

So can you address the media about how you treated a victim of rape and sex trafficking as being completely petrified?

You can also talk about your friendships with the Epstein crew. Again you're a lying scumbag!

**No doubt you're going to bully me for calling you out.
Bullying rape and sex trafficking victims is typical for you.**

This is being done NOT to destroy underground tunnel infrastructure, as sand or the equivalent would be poured into the tunnels OR blown up with explosives to destroy tunnel network infrastructure - this is common sense actually.....

THE REASON THEY ARE FLOODING THE TUNNELS IS TO SATURATE THE UNDERGROUND SO ANY RAINFALL WILL NOT BE ABSORBED INTO THE GROUND BECAUSE THE GROUND IS ALREADY SATURATED WITH WATER.

I'm a gardener, and anyone who is a gardener will know this!!!!

The rainfall will have nowhere to be absorbed, thus causing heavy flooding, which the Netanyahu Administration know because NOVEMBER - END MARCH (PARTICULARLY JANUARY AND FEBRUARY) IS THE HEAVY RAIN SEASON AND IN FREEZING CONDITIONS!!

As MOST buildings have been decimated and underground saturated with the seawater pumped in, there is nowhere for any rainfall to go!!! Put starvation, disease and freezing conditions on top of that what do you think is going to happen, and you and all are standing there blindly, allowing people to stave and drown to death slowly? I would also like you to explain your relationship with Rupert and Lachlan Murdoch, as you met with them a few months ago. Please take a look at the attachment.

They have directly caused me harm many times, for example, The New York Post and Maureen Callahan aiding Jeffrey Epstein, by which Epstein found me in Barcelona and had to go into hiding for two years, which inevitably led to another suicide attempt during my unrelenting lawsuit against Epstein and Co, trying to lock me into a contract with Viacom etc.....

Have you explained your **Californian ties or Murdoch's meeting with King Charles and The Princess Of Wales?** It is **Rupert and Lachlan publishing house, after all, that orchestrated the release of nonsense racist claims with a premeditated agenda of causing them harm and others in the Netherlands and myself through my own personal experience with them.**

Rishi, you forgot what I did in South Africa...

I ran tours of sometimes **100/200 Harley Davisons** around the beautiful South Africa and Cape Town.

Which meant **I had to keep a lot of Harley boys in line and in check to facilitate our tours and keep our clients happy.**

I took a **NO nonsense approach** with my **Harley boys**. It worked.

Fact!

If I can keep 100's of Harley Davidson boys in order and in line, wearing a pretty dress, red heels, red nails, wearing red lipstick 🍀 !

I can certainly keep a bunch of Tory boys in line too!

Yo Im gangster lol! I'll be accused of that now too I presume??

Remember that and you have violated every single international law along with the US and Netanyahu Administration, when are you going to explain yourself and your government to me and every one?

Why were my medical records from 2008 been deleted and why has my security been breached?

Rishi, please explain why my security system has been active since June.

It's supposed to be in **storage in a warehouse** with the security company??

The security hub has been online and active on my phone and Apple devices since June, and I still get notifications and have been unknowingly an active user??

I also know the sound system's quality as a previous client.

The security system hub has had access to all my devices since June as I was able to activate the security system the whole time but I was deleted as a user to the security hub on Sunday evening which shows someone real time had to have logged me out of my system and was disarming my alarm when I was arming it?!

It's supposed to be in storage!

PLEASE SEE ATTACHED PHOTOS!

On Sunday evening after I interfered and pressed the Punic button several times just to piss off whom was in the other side my user name has now been removed from the security hub which is now disarmed??

The security hub is still active??

Seeming as my brother in-law is high up in the Military here this would be a massive security breach considering the security system has has access to all my Apple Devices up until Sunday evening and he has been in our home many times??

Has all my belongs and personal possessions in storage in the UK also been violated and gone through without my knowledge?

Can you answer my questions Rishi?

I would also like to know more about your close ties to California.

What are your ties to California and the US Rishi? There obviously is huge loyalty there but to the detriment of the Royal Family?

So Rishi you and the British Government have serious questions to answer to King Charles as to why you failed to protect his family from continuous harm, because it is going to come out.

I want an explanation from your government and the labour government, notably **Tony Blair, Gordon Brown, Boris Johnson, Kier Starmer, Peter Mandelson, and David Miliband**, who will all be investigated for their role in **aiding and abetting Epstein's Trafficking Ring**. Remember, **you are not above the law**; the only reason you are where you are is because the **general public votes for you to be there**.

Just like if everyone had to boycott **Google, Disney, HBO, Meta, Viacom, Harper Collins** etc, for aiding and abetting sex trafficking ring for decades and for

abusing a rape a sex trafficking victim to continue trafficking young women and children. We all saw what happened to **Bud Light Beer**, so perhaps the abuse needs to stop because **it will eventually come out globally**. It's just a matter of time....

The public must know what is going on!!!!

You see, it was **Jean Luc Brunel** who gave me a disk of many photos containing **Peter Mandelson's picture**. That was my photo with **Peter Mandelson and Jeffrey**, published with the two of them together. Ask the Daily Mail; I'm the one that sold it to them, which Dawn Schneider organised.

I want to know why the hospital medical records of my suicide attempt on 16/08/2008, which was the result of Adam and Epstein and co, have been deleted from the NHS Servers??

Please take a look at the photos I've attached.

I have been asking since **August 23rd, 2023**, and have been repeatedly told there are **NO records**. Daft, don't you think when I have photos my father took with me in my coma in 2008, hanging on to life by a golden thread? Which will be dated and on his system. **Why would you delete them if you're not protecting Adam, Epstein, and co.**

I also have 5 family members who can testify that were actually at my hospital bed saying goodbye to me..... David Tattum, who called the emergency services and watched them break into the graveyard, can testify too, and Adam, who visited me the next day.

So why have my hospital records been deleted, which, if I had, **could have charged Adam for attempted murder?** Because that's precisely what it was.

As Adam was sent over to keep me silent and occupied whilst **Epstein's "Sweetheart Deal"** was being arranged in **2007/2008**, wouldn't the **British forgiven office** have issued **Adam Castellani** a **working visa to work at Citi Bank in London?** **David Miliband**, did you approve **Adam's visa?** I know he didn't or doesn't have a **British passport**. Who approved Adam's working visa???

Why are you covering up rape, sex trafficking and attempted murder and protecting Adam? He isn't even a British Citizen, I was?

I would also like to ask you why my **security system from Jasmine Cottage, Croft On Tees, has been breached**, which too will be looked into. Especially as I, too, have **clear evidence that my security system has been breached** and know that the company has **two years' worth of surveillance of me at home at Jasmine, including audio**.

Can you please answer me or at least answer the media when they ask you these questions today or hopefully soon?

Seeming as Daniel Bates, Maureen Callahan, Lucia Osborne, Victoria Hervey, Alan Dershowitz, and Boris Johnson are enthusiastic journalists of your or in other z class stations, you to will be investigated along with Rupert Murdoch and The New York Post. Because of Maureen Callahan, I had to go into isolation and hiding for two years, and you all put my life in danger when Epstein located me in Barcelona.

It was Sharon Churcher, a Daily Mail journalist who went down to see [REDACTED] with a photographer and took her and her husband to the FBI in Sydney. It was the Daily Mail that Published the photo of Prince Andrew.

Over the years, how many millions/ billions have you made plugging the Prince Andrew story? I even made complaints directly to the Daily Mail many, many times at the unfair constant plugging of only one male being held accountable in an entire sex trafficking ring. Why has not one journalist held another man in the Epstein ring accountable?? NOT ONE???

Because it doesn't sell, sell, sell, that's the motto!!

So The Royal Family will evenly see you for who you are and how much you and your friends have **DELIBERATELY CAUSED HARM TO CASH IN ON**

You are very close with some very interesting characters, and I believe you are more invested in this Epstein scandal than I would like to imagine.

What you have done to me has no words to describe it; your friendship with Oprah and Gayle King should ring fire bells to all, and the friends I do not yet know about terrify me. **You are the one who introduced me to Steve Ross as my agent, who has made my life a living hell, and he will be thoroughly investigated.** You're also a **devoted Harvard girl**, as we went to the **Harvard club together** for lunch as you are a member there. The hotel booked for me by Harper Collins was **The Royalton Hotel, 44th Street, New York**, which just happened to be a few doors down from the **Harvard Club**, where most mentioned below frequently visit for **secret little meetings like David Boies, Stan etc. HOW CONVENIENT MY STAYING AT THE ROYALTON WAS FOR ALL MENTIONED!**

2. How'd you get a job with Oprah?

"I spotted a *New York Times* piece about how Oprah was launching a magazine. I knew I had to

find my way onto that project. And I did: Ten days later, I was sharing a cosmo with Oprah. A week after that, I joined Oprah's inaugural team. Talk about a defining experience—the martini that changed everything."

Nobody knows that is exactly how I found and met you through a "random" article that couldn't have been more clearly displayed through my Google search engine because I use no other, and lo and behold, the article advertising your wonderful services as a ghostwriter in the New York Times.

Just like magic! Never mind, my Google search history would show that I was actively looking for a ghostwriter. **Brad Edwards** knew of my wanting to write my book even before meeting you, Michelle, and I remember you two connecting the two of you as I showed Brad our working contact together for his advice. **And we all now know who Brad is and Stan and David etc....**

Israeli Intelligence is the most sophisticated in the world, and any person with knowledge in the military world will confirm this, just like it was confirmed to me a few days ago by someone. Israeli Intelligence works hand in hand with Google on global surveillance projects like Project Nimbus and this AI Gospel, which everyone is dying to know about because, again, the majority of the world uses Google as their preferred search engine and Michelle, the tool we used to write my book together was GOOGLE DOCS WHICH INSISTED ON SO YOU COULD SEE WHAT I WAS WRITING REAL TIME THROUGHOUT!

Bearing in mind that I have been trying to out **Sergey Brin** and his ex, **Anne Worjikie**, for years and years, the mere fact that all of a sudden, **I see your article, Michelle, answering all my prayers well is a bloody miracle. The same way you met Oprah when she gave you a lifeline in life at the start of your career.**

I would also like to know more about the sexual abuse case in Oprah School in South Africa, where **6 students were sexually assaulted after a year of opening in 2007!**

Not a good look Oprah and not your first time caught up in a rape scandal, it seems. Then you just **blamed South Africa** instead of the country instead of admitting that it was you who was, in fact, responsible.

What happened to that case, Oprah and how is the school running now? Please see the link below!

<https://www.theguardian.com/world/2007/nov/06/usa.southafrica>

Just Don't Call Her a Ghostwriter

You were always going to write my memoir, you just liked making me beg you to write it for me. **YOU STARTED THEN**
PLAYING YOUR POWER TRIP GAMES AND ABUSE YOU SO LOVE!

I called you and left a message for you, and you called right back not long after the first time I called. Again, I want the \$500,000 you took from me because you are **NOT WORTHY!**

AND YOU ARE NOT WORTHY OF MY LIFE STORY!

I constantly had to fight with you about writing about Prince Andrew because I don't believe it, considering my own personal experiences with the same people repeatedly. She, too, threw me under the bus many times, silencing me and other victims!

You told me, Michelle, that the more I said, the more MY books would sell. I shouted at you that I didn't want to make stuff up about the Royal Family, and again, I can't help my

grandfather's behaviour, and I should never have put that in there.

You knew exactly how I felt about [REDACTED] and writing acknowledgements for Boies and the lawyers in the back of my book. My memoir is meaningless to me! It was written on deceit, abuse, backstabbing, etc.. I don't want ANYTHING TO DO WITH MY BOOK if it means being represented by the very people who have not only abused me but aided and abetted Epstein's sex trafficking ring, the same one that raped and trafficked me and 1000's of other children and young woman!

I also want everyone to know that the original publishing date for my memoir was due during jury selection for the Ghislaine Maxwell trial. I fought tooth and nail with STEVE ROSS, MICHELLE, AND HARPER COLLINS to get the publishing date of my memoir AFTER the JURY SELECTION, which was published on the 7th of December after the trial had started because I KNEW FULL WELL MY BOOK WAS GOING TO BE USED AS A CAUSE FOR GHISLAINE TO GET A MISTRIAL BEFORE THE TRAIL STARTED DUE TO THE CONTENTS OF THE BOOK!

Harper Collin's legal team would know this because they are some of the best in the world, as I know because they worked on my book!!!

IT WAS NEVER EXPLAINED WHY MY BOOK WAS NEVER PUBLISHED IN THE UK DIVISION OR COMMONWEALTH OR TRANSLATED, WHICH THEY TOLD ME THEY WERE DOING, WHICH THEY LIED TO ME ABOUT BECAUSE NONE OF THIS WAS EVER DONE AND SHOULD BE IN MY CONTRACT! EVERY STEP IS ORCHESTRATED BY HARPER COLLINS!

This is like magic, Scotty David, Juror number 50, comes along specifically naming [REDACTED] testimony and Lucia comes along to write the story who has all of [REDACTED] evidence which is going to be used in Ghislaine future appeal, which should be imminent anytime now; how damn convenient again!

Michelle Burford you have lost the legal right to

You wanted me to sign and encouraged me
signing with Frida and Viacom!

All of you tried to force me to sign that agreement
with Viacom which not only would have

not only would silence me for eternity but also
loss of income to support myself.

Michelle I'm very aware that you used to work for Oprah and are acquainted with Gale King.

All of you will be investigated thoroughly for your role in aiding and abetting Epsteins crimes to which I am party to!

I was given a \$1 million dollar book advance to which Michelle you took \$500,000 to write my book.

How could you betray me Michelle? Why? And to take \$500,000??

Then you too try to get me to sign this contact?

And Steve you were paid \$150,000 out of my advance.

I would like that money back from the both of you!!

How dare you both! How could you do this to a rape and traffic victim?

Michelle at my book publishing dinner in the 7th December 2021 at Nobu Judith, Paul and Steve all you guys could talk about was Harper Collins giving you the job of pitching for Britney Spears memoir which indecently Harper Collins lost.

So all of this was more important than enjoying the evening and me signing with Frida was also talked about.

In actual fact Frida and this Viacom agreement was mentioned before my book was even published or reading my book so how that is possible I'm not sure?

So Michelle you threw me under the bus to get the opportunity to be Britney Spears's ghostwriter and your career with Harper Collins was more important then doing the right thing and protecting a rape and sex trafficking victim.

Nice one!

I'm tired of all your bullshit and shame on you Michelle Burford! I want my money back and Michelle you can shove my book up your arse!

I worked my butt off all hours to help other rape victims by sharing my story and to get justice and to stop the rape and trafficking and all that was important was just another book deal.

And if I find out the media trainer Bryn Freedman which you sourced for me Michelle which incidentally was charging me \$7.500 for four hours of media training monthly has been in any way shape or form involved then heaven help you all.

You should all be ashamed of yourselves!!!

Please see Frida's correspondence with Steve, Kathy, my attorney, and myself about Viacom below.

Judith, I know every step is carefully thought out and executed at Harper Collins. I was continually told to write about the Royal Family, which made me incredibly uncomfortable. I was told the more in the book, the more it would sell, sell, sell.

I constantly contested this to the point I shouted continually about not wanting to make stuff up. I can't help what my grandfather did, and that was the only thing I could come up with, which I regret dreadfully putting in the book.

I had to be dragged, kicking and screaming, to put anything supportive of [REDACTED] and her claims. But I was told it would sell more books. The primary focus was talking as much about the Roya family as possible. Why because it would sell. Well fuck you guys because I know exactly what a well-oiled machine Haper Collins and co actually are because I've been there every step of their publishing process.

Also, Harper Collins makes every interview to market the newly published memoir down to a tee. Paul personally organised all my well-scheduled press appearances when my book was published. I even met Brian Murry in his office with Judith Curr when my book was published.

Judith Curr personally told me about Frida and pressured me to sign with her due to her close friendship.

Please send this immediately to the UN Secretary-General, Antonio Guterres, to invoke article 99 of the UN Charter with immediate effect to grant a ceasefire to prevent more loss of life and displacement.

The information I provide must immediately be investigated. Those named are held accountable for their role in aiding and abetting Jeffrey Epstein and Co., a sex trafficking paedophilia ring where children and young women, perhaps young men, are trafficked internationally to be sold into sex slavery just

like I and all the Epstein victims who are currently being held in this prison by the same incestuous, sexual deviant bunch of money and power hungry predators. Same names over and over again, never stops!

Well, it stops today.

I would also like to encourage all the journalists and editors passionate about the truth and justice out there to stand up and fight. Fight for what you believe in truth and justice. Isn't that why you dreamed of going into journalism? To make the world a better place or to stand alongside the very people, you should be exposed because of a little **SLAAP**. Slap them back, and the time is now. If you know something is wrong, for example, a fucking paedophile ring which saw 100's thousands of young women and children raped and trafficked for decades, myself included and then collectively punished, which amounts to genocide, your silence now shows complicity. Fuck the lawsuits. These are human lives we are talking about. How can one put a price on a human life?

<https://www.theguardian.com/commentisfree/2023/dec/07/britain-sex-attackers-oligarchs-accusers-silence-lawsuits-slapps-free-speech>

I know **I'm not perfect** and definitely, **not a perfect sex trafficking rape victim** what, ever that is; if someone can tell me, that would be great because I've never seen one personally. **I've never claimed to be perfect or far from it, and I've made mistakes and will continue to make mistakes because I'm a human being just like you.** You learn and grow from making failed decisions, and if you don't, your failures will only be repeated, and I talk for experience. But let me say this, **my mistakes do not justify Epstein and co raping me, sodomising me, starving me, torturing me or sex trafficking me, nor does it justify the other 200 hundred Epstein victims, some of whom were children currently being held in Israeli administration because that is what it is.**

What the Israeli Government and US Governments, which include both the Biden and Trump administrations, have done to the Epstein victims and myself breaks all humanitarian laws, constitutes genocide, and must be tried for war crimes under the

Geneva Convention immediately and all investigated.

Never mind all the **innocent Palestinians** or the **innocent Israeli hostages** who have been **murdered, raped, displaced in the millions, starved and tortured**. I have not seen recent figures, but last time I looked at it, **17,000 innocent civilians, primarily women and children, had been murdered, and that is not including the innocent Israelis on the 7th of October, which both governments were aware of.**

Water, where the hostages are being kept, is being flushed down tunnels, which says to me from an architectural perspective that the water would drain out. **The magnitude of water needed would be detrimental to Gaza's fresh water for generations, which is reported in the article below,**

<https://www.timesofisrael.com/flooding-hamas-tunnels-could-harm-gazas-freshwater-for-generations-warns-academic/>

This would result in the remaining displaced millions of Palestinians in Southern Gaza being starved due to not having enough water to farm and lack of water due to insufficient water supplies.

Most of the buildings in Northern Gaza have strategically been built and built, including hospitals, schools, universities, places of worship, and structures of priceless historical value. This alone constitutes a war crime.

So, to say the **Netanyahu administration and the US Government** care about the Israeli hostages would be incredibly naïve because they are more than likely going to starve, die, or drown or be killed by the **decimation of Palestinian buildings and infrastructure, lack of food and medical aid for all for Netanyahu's administrations plan to build illegal Israeli settlements and occupy Gaza**, which, according to newspaper, has **just been approved by the Israeli courts according to reports on the 6th December.**

THIS IS NOT SELF DEFENCE! BUT DEMOCIDE!

Please take a look at the link below.

<https://www.theguardian.com/world/2023/dec/07/widespread-destruction-in-gaza-puts-concept-of-domicide-in-focus>

The displacement of millions of Palestinians and the decimation of buildings also **BREAKS THE OSLO ACCORDS, GENEVA CONVENTION AND UNIVERSAL DECLARATION OF HUMAN RIGHTS.** The mere fact that Biden has already indicated an **end period of end of January** for the end of this war is a clear indicator that the US and Israeli Government have premeditated agenda's and that is definitely not one of peace.

Between **now and the end of January** allows enough time for the rest of Gaza etc, to be **structurally flattened by the Israeli and US governments**, which would result in the displaced Palestinians **having no option other than to be taken in as refugees by neighbouring countries DUE TO THE INHUMANITARIAN CONDITIONS** because they will have **nowhere structurally to go to, unable to farm crops or have access to water.**

Once neighbouring countries take in the remaining displaced Palestinians, the Israeli government and the US can build their

**illegal infrastructure and build settlements
in whatever is left of Gaza after
approximately three weeks of bombing.
which Biden has already confirmed end of
January.**

Declaration of Human Rights for viewing.**

Perhaps failure is the true victory here because of the wisdom one hopefully learns from past and current events, so please don't distort a ceasefire but a victory for peace where all countries can learn and grow and make sure the same mistakes aren't repeated elsewhere. No one is a winner here, and people must be held accountable now.

Ceasefire Now!

Steve,
I think Kathy misunderstood
everything.

Before she talks to [REDACTED] and blows any
possibility please call her and try to
clarify that I don't have one place to
pitch, she just needs to see my bio and
see how many projects I have in
development with different streamers.
It is the material that is complicated
and I'm assume that we are all aware.
We all have an amazing opportunity
with Paramount + and we need to rush
this in order to set up the project as soon
as possible.

The most important thing is that she
needs to be aware that we had a deal in
place and she tries to renegotiate the
deal a posteriori.

I think I should talk to [REDACTED] directly.

Can you put us in touch tomorrow
early as possible ?

Please let me know.

Thank you

Steve: For the most part, her comments are ridiculous and incorrect. I've been doing this 25 years and see deals for 6 months and way more money. To be clear, 18 months is not standard, 12 months is more common and it depends on how much is being paid for the option. If purchasers offer more, they get more time.

About the only thing I agree with is the shopping agt. I proposed that as a show of good faith in case she wanted to be able to shop soon. She may be right about the content being risky but if she only has 1 place to pitch, it certainly doesn't make sense to tie this property up for 18 months.

I will discuss this with [REDACTED] and let you know, but in the interest of transparency, I am not encouraged. It is late for [REDACTED] so most likely tomorrow.

Literary Option/Purchase Agreement

Kathy,

I just spent about twenty minutes on the phone with Frida, who wanted to reinforce or press several points to pass along because otherwise it is not worthwhile to try to arrange a call to go through this agreement.

She said that, contrary to what you said about all options being 12 months, she has never seen one for twelve months--that all her options are for renewable 18 months periods and nobody has pushed back because 18 months is "customary", and I will add here that most of the options I've been involved with, for film and for TV were for 18 months, so I have no basis for arguing against that point.

She had told us before she made the offer that it was the best offer she can possibly make before getting this set-up someplace, so we should really think about it and not accept it if we're not okay with it. We'd discussed it and accepted it. She said that despite your (Kathy's) suggestion of \$25K as a reasonable offer, she has never seen that much offered as an option, for any deal, many of them involving very visible projects that went on to be highly successful, and although my experience is admittedly more limited than hers, I must agree with her there as well--I had an option with Smokehouse that George Clooney pre-empted saying "this is going to be the next project I direct" and that offer was for \$10K, with 18-month renewable options. Same with Focus Features, for another clients' book with AppleTV for a multi-episode adaptation of another clients' book--and all three of these previously

referenced deals had attorneys and co-agents in the Film/TV sphere closely involved. She said Warner Brothers and Universal have never offered \$25K for a licensed book option.

She said the mainstream studios view this specific content as too dangerous for their platforms--she has already been told this by AppleTV and by Amazon, whose CEO is a friend of hers, and the only platform that might well take a risk on developing this is a newish start-up looking to make a splash, like Viacom, where her development deal is.

She said she does not do shopping agreements, because they're of no value when she approaches a studio, as they always want to see the contract.

She is generally flummoxed by your response because she said this is the contract that she gives to all of her clients and it has never raised this many questions or issues.

She says that you have asked for [REDACTED] to have approval, as opposed to consultation, over the finished product, and felt definitively that nobody will ever give the book author approval. This has been my experience as well.

So where are we now? Frida Torresblanco is an enormously successful and connected producer who wants to try to take a chance on developing [REDACTED] book into the six-episode stand-alone series she outlined to us, but so much time has passed and says she has little or no flexibility on the terms she has offered. The book was not a commercial success, although it received a good deal of coverage, and the fact that Harper UK's lawyers said they could not publish it there reinforces what Frida is saying about how the mainstream platforms will all

consider it too dangerous. Do we let her go with it to Viacom or do we keep banging our heads against the wall with me as the intermediary, taking in everyone's ire and suspicions when I'm just trying to go with Frida's enthusiastic vision? Frankly, I am not certain that another producer will come along asking to develop this. I'm sorry I've been cast as the bad guy somewhere along the way but I personally think it's better to have a less than ideal option than no option at all.

I don't think she was saying "take it or leave it" but she was saying she is not going to change it to twelve months or increase the dollar amount or give [REDACTED] approval rather than consultation, all three of which are simply no-starters for her.

So the question is, are you prepared to walk away?

Steve

I can scan the paper document and send it to you if [REDACTED] agrees, but I will reiterate that this agreement between them was negotiated and executed prior to my being approached about representing [REDACTED] and the book.

Frida just responded with a request that I call her but I am about to go into a big Zoom meeting that is going to last at least an hour, maybe 90 minutes.

Not sure why I can't see the entire agreement with the writer, as it certainly relates to his/her participation in any option purchase, but I will ask [REDACTED]. What do you mean when you say "the financial split does not include any licenses that might derive from the book content. Is the writer in this deal or not?

Kathy,

I have not heard back from Frida since the last email five days ago, in which she'd mentioned a possible meeting with all of us to discuss where we are. I did send her two more emails this morning, one of them following up on your suggestion of a shopping agreement to bridge the time between now and a final

option agreement, but I have yet to hear from her.

[REDACTED] signed a collaboration agreement with her ghostwriter prior to my involvement, and although I have a copy it is a scanned PDF that I cannot cut and paste from. [REDACTED] should have a copy she can share with you, but I have reviewed it and the financial split does include any licenses that might derive from the book content. And for what it's worth, she (Michelle) was fully on-board with accepting the offer that [REDACTED] and I had discussed accepting. If [REDACTED] does not have the agreement I can copy and send you whatever section you need to see.

I also realized that we are not in receipt of any language regarding how the ghost writer participates in this option purchase. We would appreciate your providing those details.

Let's set up a call certainly, but only after Frida provides a

Steve: Thanks for your
time on the phone today.
Attached is my markup
with revised terms that
are fairly standard.

As I mentioned, the
document as presented
had a lot of defects (in
addition to it being a
rather lackluster offer). I
know you all chatted
about moving forward
quickly, but we all need to

EFTA00144482

collectively address the terms in more detail. The provision regarding back end is so off base, I suggest we address the other issues like price and term first.

Also please note that [REDACTED] needs to reserve quite a few rights so she can proceed with her intended business goals of a podcast, Ted Talk, speaking engagements, and unscripted projects.

Most importantly, if a creative work based on her book (only) is to be made, she needs creative input and approval so her life and those of her family are not distorted for the sake of the project..

Since you do not seem to be well versed in this area, you may want to consider engaging an attorney to assist on your end. This agreement should not have been fast tracked in this way, it is not fair to [REDACTED] as I'm sure you understand now.

Reserving all rights.
